Description

The used 2000 Stingray 190LX is a versatile bowrider that continues to appeal to boaters looking for an enjoyable mix of performance, comfort and value. At around 19 feet, it is easy to handle at the dock yet roomy enough for family days on the water, whether you are cruising the coastline, towing a wakeboarder or anchoring in a quiet cove for a picnic. Stingray's reputation for efficient hull design helps the 190LX deliver lively acceleration and confident handling, while the open seating layout makes it practical for social trips with friends. As with any pre-owned boat, condition, service history, engine hours and trailer quality are key details to check, but a well-kept 2000 Stingray 190LX can be a fantastic choice for buyers seeking an affordable, fun and reliable runabout with plenty of life left for new adventures.
